This student has been given permission by the Washington University School of Engineering to register for the Summer 2009 semester. The tuition must be paid in full by August 20, 2009. If the amount is not paid by this date, a carrying surcharge in the amount of five percent of the unpaid balance will be added to the tuition bill.

In addition, a **hold** will be placed on the students' record if there is a balance of \$100 or more. The **hold** will prevent the students from registering for subsequent semesters and from receiving a grade report or official transcript.

Students may choose to make one payment or monthly payments. A tuition bill will be sent each month. Washington University will accept a personal check, American Express, Discover, MasterCard, or Visa.

I understand and agree to pay the Engineering Summer School Tuition Payment in full by August 20, 2009.
